

ABOUT TO MAKE ONE OF THE BIGGEST FINANCIAL DECISIONS OF YOUR LIFE?

MAKE SURE YOU ARE NOT BUYING A LEMON.

Building & Timber Pest Inspections are a visual inspection of all accessible areas of a house. This includes the roof, roof void and sub-floor - parts of the house you don't visit when you see the property. Make sure you are not buying into a property with major visual defects or safety issues.

At EYEON, we offer low-risk property inspection solutions which feature consistency, quality and great customer service we are proud of. Our Building & Pest Reports are comprehensive, yet easy to read. And our highly experienced Inspectors are available to answer your questions and help you understand the report better.
